

Available in  
Autumn 2013

Our new portal allows you to enter your cases into the TVMDL's system before your samples arrive at our labs.

# Introducing the all-new web portal designed especially for TVMDL clients

The smarter, faster way to get access to your vital lab information

## Protecting Animal and Human Health through Diagnostics

- Online at [tvmdl.tamu.edu](http://tvmdl.tamu.edu)
- Facebook: [facebook.com/tvmdl](https://www.facebook.com/tvmdl)
- Twitter: [twitter.com/tvmdl](https://twitter.com/tvmdl)

Accredited by the American Association of Veterinary Laboratory Diagnosticians

TVMDL is always looking for new ways to provide better, faster and more accurate service for our clients in Texas, across the United States and around the world.

That's why we're working with the National Agribusiness Technology Center to launch an all-new client portal based on the award-winning U.S. Animal Laboratory Information Management System (USALIMS).

USALIMS is a comprehensive system used at 26 labs across the nation, including 11 labs in the USDA's National Animal Health Laboratory Network, for which TVMDL serves as one of 12 core facilities.

Our all-new web portal for clients:

- **Gives you more control over the diagnostic process.** By logging into the portal, your staff can enter your case into our system before your samples arrive at our lab. You can view a client's diagnostic history at a glance. Plus, you can search for

test options more easily, more accurately and more quickly.

- **Enhances your existing office routines** by allowing your staff to print shipping labels (pre-coded to allow you to get discounts for overnight shipping to TVMDL); to download forms and order supplies; and to make payments to TVMDL online.

- **Allows your office to communicate more quickly and accurately with our labs.** You can get the answers you need faster and with more reliability. You can also use the portal to generate case reports that are better organized and easier to read.

To try the new client portal, go online to [tvmdl.tamu.edu](http://tvmdl.tamu.edu), click on the Client Login tab, and enter your username and password.

If you have questions, comments or suggestions, or if you need to open a client account, please call us at 888.646.5623 or send an email to [support@tvmdl.tamu.edu](mailto:support@tvmdl.tamu.edu).
